PROFESSIONAL SUMMARY

Software Developer with an M.Sc. in Information Technology (AI Specialization) and experience developing web applications using Python, Django, Flask, React.js, SQL, MongoDB, and REST APIs. Skilled in full-stack development, database management, authentication systems, API integration, and building scalable software solutions. Passionate about full-stack development, artificial intelligence, and building practical technology solutions.

EDUCATION

Master of Science in Information Technology

Mumbai University – UDIT, Mumbai, Maharashtra

Specialization: Artificial Intelligence | August 2024 – April 2026

Bachelor of Science in Information Technology

St. Rock's Degree College of Commerce and Science, Mumbai, Maharashtra

July 2021 – May 2024

Master in Data Science & Analytics with Artificial Intelligence

IT Vedant Institute, Mumbai

July 2024 – May 2025

Fullstack Developer Course (Currently Pursuing)

DADE, Mumbai

EXPERIENCE

Backend Intern (Django) – Perpex

Remote, Mumbai, Maharashtra | July 2025 – October 2025

Developed backend modules and APIs using Django for SaaS-based applications. Collaborated in an Agile environment, implementing features and improving application functionality.

Backend Developer Intern – AI Chef Master

Remote, Mumbai, Maharashtra | April 2025 – July 2025

Developed and maintained REST APIs using Flask and MongoDB for AI-powered web applications. Collaborated with frontend and backend teams to build scalable, high-performance solutions.

PROJECTS

SaaS AI Agent Platform

Technologies: Next.js, React.js, PostgreSQL, tRPC, OAuth, OpenAI, WebRTC, Stream SDK

Developed a full-stack SaaS AI agent platform using Next.js, React, and PostgreSQL with OAuth-based authentication and scalable APIs. Integrated AI features including transcription, summarization, and real-time video calling using OpenAI and Stream SDK.
